

## Preassembled Light Towers

### Baby TWS Preassembled Light Towers 36mm Ø

- Preassembled & prewired light tower
- 36mm Diameter
- Smooth external profile
- 24VAC/DC
- Super bright multi chip LED technology
- Steady light
- Available with sounder module
- IP65 ingress protection
- Continuously rated
- -30 to +50°C Operating temperature
- High impact & self extinguishing PC body
- UL type 4X, PCT, UKCA & CE Approved

| Part Number   |                                                                                   | Description                                                                          |
|---------------|-----------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|
| BNTWS-RG-24   |  | Baby TWS Preassembled Light Tower 24VAC/DC Steady Red & Green                        |
| BNTWS-RAG-24  |  | Baby TWS Preassembled Light Tower 24VAC/DC Steady Red, Amber & Green                 |
| BNTWS-RGS-24  |  | Baby TWS Preassembled Light Tower 24VAC/DC Steady Red, Green & Sounder Module        |
| BNTWS-RAGS-24 |  | Baby TWS Preassembled Light Tower 24VAC/DC Steady Red, Amber, Green & Sounder Module |

### Mini TWS Preassembled Light Towers 50mm Ø

- Preassembled & prewired light tower
- 50mm Diameter
- 24VAC/DC & 240VAC versions
- Super bright multi chip LED technology
- Steady & flashing light
- Available with sounder module
- IP66 ingress protection
- Continuously rated
- -30 to +50°C Operating temperature
- High impact & self extinguishing PC body
- UL type 4X, PCT, UKCA & CE Approved

#### Mini TWS Preassembled Light Tower 24VAC/DC IP66

| Part Number   |                                                                                     | Description                                                                              |
|---------------|-------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------|
| MNTWS-RG-24   |  | Mini TWS Preassembled Light Tower 24VAC/DC Steady & Flashing Red & Green                 |
| MNTWS-RAG-24  |  | Mini TWS Preassembled Light Tower 24VAC/DC Steady & Flashing Red, Amber & Green          |
| MNTWS-RGS-24  |  | Mini TWS Preassembled Light Tower 24VAC/DC Steady & Flashing Red, Green & Sounder        |
| MNTWS-RAGS-24 |  | Mini TWS Preassembled Light Tower 24VAC/DC Steady & Flashing Red, Amber, Green & Sounder |

#### Mini TWS Preassembled Light Tower 240VAC IP66

| Part Number    |                                                                                     | Description                                                                            |
|----------------|-------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------|
| MNTWS-RG-240   |  | Mini TWS Preassembled Light Tower 240VAC Steady & Flashing Red & Green                 |
| MNTWS-RAG-240  |  | Mini TWS Preassembled Light Tower 240VAC Steady & Flashing Red, Amber & Green          |
| MNTWS-RGS-240  |  | Mini TWS Preassembled Light Tower 240VAC Steady & Flashing Red, Green & Sounder        |
| MNTWS-RAGS-240 |  | Mini TWS Preassembled Light Tower 240VAC Steady & Flashing Red, Amber, Green & Sounder |
