

AUDIBLE & VISUAL ALARMS

HIGH OUTPUT MULTI TONE ALARM

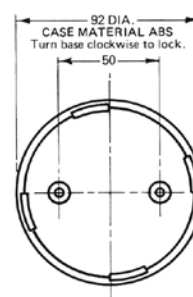

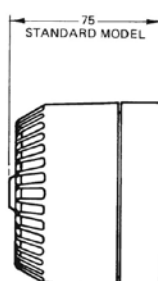

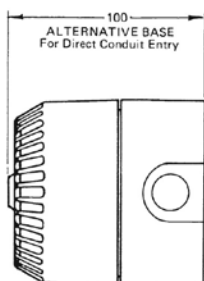

STRIDOR SERIES

- Indoor or Outdoor Surface Mount
- High Quality, High Output to 102dB
- Fully Sealed IP65
- 32 Selectable Tones
- Built in Volume Control
- Available in Red or White
- Available with a Shallow or Deep Base

Part Code	Voltage	Base Type	Colour
SMS-01-RED	9-28VDC	Shallow	Red
SMS-01-WHITE	9-28VDC	Shallow	White
SMS-01-VA-RED	9-28VACDC	Shallow	Red
SAU-04-VC-RED	110-240VAC	Deep	Red
SAU-04-VC-WHITE	110-240VAC	Deep	White

Dimensions

Accessories

Part Code	Description	Voltage
Shallow Base White	White Shallow Base	-
Shallow Base Red	Red Shallow Base	-
Deep Base White	White Deep Base	-
Deep Base Red	Red Deep Base	-
Powered Base White	White Powered Base	110-240VAC
Powered Base Red	Red Powered Base	110-240VAC
Av Mains Module	Replacement Power Module	110-240VAC

Technical Data

Frequency Range Hz	Sound Output dB	Current Consumption mA	Temperature °C	Number of Tones	IP Rating	Weight Kg	Operating Voltage
300 - 2850	102	16(DC) 32(AC)	-25 to +70	32	IP 65	0.25	9-28V or 110-240VAC

Features

- 32 Selectable Tones** Selectable via the built in Dip Switch, located on the rear of the Alarm
- 2 Tones Available** The Primary selected tone has an alternative sound immediately selectable via the third Terminal
- Simple Wiring** Dual Terminal blocks for simple wiring.
- Volume Control** Fitted with an adjustable volume control, the sounder can be adjusted from 67dB to 92dB
- Sound Synchronisation** Fitted with a Synchronisation sound facility for Adjacent Sounders
- Flame Retardant** Sounder constructed from Flame Retardant Polyamide (V0 to UL94)
- Deep Base** Deep Base supplied complete with 2 x 20mm Conduit Entry Knockouts

* Mains versions supplied with POWERED BASE fitted with Voltage Transformer AV MAINS MODULE
